

Presenting
The
Commencement
Special
of the
Radionian
for
1944-1945

Featuring Campus Life at
Jones County Agricultural High School
and Junior College

We Dedicate This Commencement Special

Traveling the road this session toward the culmination of the twenty-second year of the publication of the *Radianian*, the Staff has had to walk step by step guided by faith and hope. But we have not walked alone; others have journeyed with us. And because of their splendid cooperation given us; because of their trust and confidence in us, we the Staff, whole-heartedly dedicate this Commencement Special to

The Athenian Literary Society represents the classic and artistic. It strives to attain high standards for young women. The highlights of the year began with the initiation party and a dinner with the annual banquet. At the regular meetings many lovely programs were given. Several themes used were "Best Selling Books," "Favorite Literature," and "Music of Today and Yesterday."

The Pottery Club, the youngest organization on the campus, is one whose purpose is to study and develop Jones county clays. With only four members and the two directors, Mrs. Mary Shook and Mr. P. G. Jones, remarkable progress has been made in this phase of work. The greatest pride of the club is not in being the youngest and smallest club at J. C. J. C., but in the unusually large collection of pottery which the club has acquired in such a short time.

The Stardusters

Directed by Mrs. Hazeline King

The Stardusters have worked extremely hard for the past year to add music and mirth to the school spirit and to provide publicity for the Junior College. Throughout the year they have played for teas, banquets, plays and concerts and in addition to these have presented a weekly radio program over station WAML of Laurel, Mississippi.

ELLISVILLE

SWEET POTATO GROWERS INC. has always enjoyed and deeply appreciated the full cooperation of the Agricultural High School and Ellyslee Junior College authorities. All of the work by the Mississippi State College Experiment Station and the Bureau of Plant and Soil Industry on varieties, fertilizers, and improved farm machinery is now being done on your campus.

Since September 1943, we have supplied our armed forces overseas and our Allies with over two million pounds of dehydrated sweet and Irish potatoes. The war is not yet won though many of the smaller nations have been liberated from the yoke of German tyranny. The enemy in his retreat has destroyed not only the homes of the people and the factories that produce food and machinery but has confiscated all of the food stocks and slaughtered most of the livestock. This means that multiplied millions of human beings will face starvation unless the Allied Nations supply their needs.

For 1945-46 this plant is expected to produce a minimum of two million pounds of dehydrated sweet potatoes to supply this need. This will require sixteen million pounds of raw sweet potatoes.

Will you help us to attain this goal to the end that never again will our soldiers or our Allies suffer hunger because of our failure to produce the food necessary to supply them?

Our very best wishes go with you as you finish your scholastic year and we hope that the summer vacation and the work that follows will prove both profitable and pleasant.

This issue of the Commencement Special marks the close of our twenty-second year of service to THE RADIONIAN.

So . . . for the pleasant business relations we have enjoyed — for the splendid co-operation accorded us under trying, war-time conditions — for the privilege of working with a fine group of students and their sponsors, the faculty of Jones County Agricultural High School and Junior College . . . we say

Thank You!

. . . . and Best Wishes for your Happiness and Success in the years that lie before you.

The Progress-Item

P R I N T E R S

In Appreciation

We, the Radonian Staff, would like to extend our sincerest thanks and warmest gratitude to all those who have assisted with the publication of this the Commencement Special of the Radonian for the year 1945. As in the past two years, because of war time conditions, labor and materials have been extremely scarce and the Staff has been confronted by many problems in the planning and printing of this annual. But to those who have helped us most to meet and overcome these problems—Miss Bettie Ridgway, our sponsor—Mr. F. B. Black, our printer—Mr. J. B. Young, our school president—Mr. P. G. Jones, our school business manager, and to our advertisers who have aided and backed us, we, the Radonian Staff, say "Thank You!"
